

Federal Communications Commission

Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2013 - December 31, 2013

Filing Confirmation Number: 0006100599

Filing Deadline: January 15, 2014

FRN: 0002049328

Filing Date: 01/15/2014 09:27 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: West Virginia PCS Alliance, L.C. dba NTELOS

Brand Names: NTELOS
FRAWG

PO Box:

Street Address: 1154 Shenandoah Village Drive

City: Waynesboro

State: VA

Zip Code: 22980

Contact Name: Keili Young

Contact Phone: (540) 946-4554

Contact Fax:

Contact Email: youngkk@ntelos.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: <https://www.ntelos.com/hearing-aid-compatibility>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Hearing Aid Compatibility information is available on the company's website. All retail locations provide devices for consumers to test, and the company educates the sales and customer care departments about the basics of hearing aid compatibility and instructs them to support customers by making devices available to customers to test for compatibility.

Methodology for Functionality Levels

Handsets with "low" functionality are offered at low cost prices and are very affordable to prepaid customers. These handsets have basic call functionality and text messaging capabilities. Mid-level handsets come with features for personalization such as ringtones, picture messages, and mobile web. High level handsets offer faster data speeds such as EVDO, video capture capabilities and music, among other features. Smart phones provide access to email, fully QWERTY keyboard, and advanced operating systems with the capability to install applications.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 30

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Excluded Handsets Number	Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent		
CDMA	25	83%	4	13%	1	3%		30
